PARENT/GUARDIAN LETTER OF PERMISSION

Dear Parent

There are formal occasions throughout the school year when both the press and the media talk with the children about their achievements and may well take a photograph for publication in the press or on television; most newspapers will not print photographs unless they are able to identify the children in them. Newspapers and television are an extremely important medium for publicising the excellent work that the children and the school achieve. Details of addresses are never given. A child is not identified by name on either of the school websites.

As a parent, you have rights over how a photograph of your child may be used and the right to give or refuse permission for your child's photograph to be used.

I would be grateful if you would complete the consent form below indicating whether or not you agree for your child to have their photograph and name appear in bona fide newspaper articles, educational magazines and television should such opportunities arise during their primary schooling at BCPS. Please return the form below to your child's teacher as soon as possible.

If you have any questions, please contact me or your son's/daughter's teacher at the school.

Yours sincerely,

**Peter Hicks
